LOT A

### 1950 Willys Jeepster Convertible

The Willys Jeepster was one of America's most daring post-war automobile designs, combining a four-passenger phaeton with soft top that evoked the appearance of the wartime Jeep. With less than 1800 lightning-equipped, six-cylinder Jeepsters manufactured, this sporty vehicle, finished in dark red with a black fabric convertible top, is highly desirable. The Jeepster has an undeniable charm and nearly universal acceptance among car enthusiasts, equally welcome in the company of hot rods as it is at Pebble Beach. The upgraded V6 and automatic transmission make it a snap to drive. This vehicle is in excellent condition and will make you the envy of all driving the roads of MDI.

ESTIMATED VALUE: \$25,000

DONOR: Dick and Noelle Wolf
