SPECIAL THANKS 31

WELCOME

Dear Friends,

The second week of August is one of the most exciting and important weeks of the year at Friends of Acadia. It's when we come together as a community in support and celebration of our beloved Acadia National Park.

As we gather for the 34th Annual Friends of Acadia Benefit on Saturday, August 12, we welcome new friends and re-connect with old ones. We laugh, socialize, bid—maybe even compete a little, and we dance! Together, we celebrate our collective impact on Acadia, and take pride in knowing we are preserving and protecting this special place for future generations.

This year we are thrilled to be back under the tent for our Live Auction, Silent Auction, and the Paddle Raise! We are also excited to bring back the auction catalog to help you explore all the amazing ways to support Acadia on August 12. Please look at the many incredible auction items, note the local businesses and corporate sponsors who are helping to underwrite the Benefit, and the volunteers and patrons who are the secret to our success.

None of this would be possible without the creative energy, ideas, and support of our dedicated staff and Benefit Committee, led by event co-chairs Laura Clark Katona and Kathleen McIntyre. We are grateful to Chilton Trust, our presenting sponsor for ten consecutive years. Thank you for a full decade of support!

This year's Paddle Raise requires all hands-on deck to support the purchase of a new boat for Acadia National Park to be used for resource management, maintenance, and law enforcement. A safer, more functional, and efficient boat will reduce trips and staff time and enable beach access to almost any island within the park. Read more about the paddle raise on page 13 of this catalog.

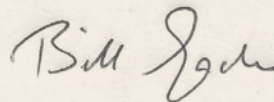

Whether you're new to our Benefit or an old pro...bidding on a live- or silent-auction item...sending in an absentee bid...simply attending the event...or donating in support of it, you are making a lasting impact for Acadia.

Thank you for being part of this wonderful legacy. We look forward to seeing you under the big tent on August 12th and raising a glass (and a paddle) for our Acadia.

With appreciation,

Eric Stiles

Paddle Raise: A New Boat for Acadia!

Acadia National Park is known for the striking and complex patchwork of park lands across Mount Desert Island, the Schoodic Peninsula, and Isle au Haut. The park also currently holds conservation easements on 184 properties in 18 towns, most of which are on offshore islands, only accessible by boat. This boat, a landing craft, will allow for the unloading of people and equipment directly on the shore for maintenance, resource management, and law enforcement. It will reduce personnel time and provide ample seating and cargo space. And newer, modern marine engines burn cleaner, and more efficiently. Acquiring the funding to purchase an upgraded vessel would allow the park to have a safer and more functional boat that enables direct beach access to just about any island. Let's raise our paddles this August!

If you're unable to attend the Benefit, we hope you will raise your paddle and make a contribution online:

Thank you!
