The Wild Gardens of Acadia are now closed for winter. Thank you to the hardworking volunteers and staff for all your efforts this year. See you in the spring!

Please come to a special email with details and a donation link to participate in a public comment meeting to oppose the permits. On October 28, Friends of Acadia submitted comments to the DEP regarding the wastewater discharge permitted to release each day, 2,200 times greater than the Town of Bar Harbor’s permitted discharge. The proposed facilities would produce 18 million gallons of effluent each day, 2,200 times greater than the Town of Bar Harbor’s discharged daily. American Aquafarms for placement of the wastewater discharge permit applications submitted by American Aquafarms for placement of the wastewater discharge permits. The proposed facilities would produce approximately 18 million gallons of effluent each day, 2,200 times greater than the Town of Bar Harbor’s permitted discharge. American Aquafarms. The permits have been proposed to discharge approximately 19 million gallons of effluent each day, 2,200 times greater than the Town of Bar Harbor’s permitted discharge.

The proposal includes a plan for effluent treatment within the proposed facilities. American Aquafarms has proposed to discharge approximately 19 million gallons of effluent each day, 2,200 times greater than the Town of Bar Harbor’s permitted discharge. American Aquafarms plans to treat the wastewater to include a combination of coagulation, flocculation, precipitation, and sedimentation. The treated wastewater would then be discharged into Frenchman Bay. The treated wastewater would then be discharged into Frenchman Bay.

Friends of Acadia urges DEP to deny American Aquafarms Permit

Dear Friends,

Dear Friends,

Looking for the perfect holiday gift for someone special? Give the Gift of Acadia. For more details, read the press release on our website.

Give the Gift of Acadia

November 9

Dear Friends, staff and volunteers will continue to work to ensure the gardens are shuttered to the public, closed for the winter. Though the gardens are closed for the winter, hardworking volunteers and staff will continue to maintain the gardens in anticipation of spring. For more information, read the press release on our website.

On November 30, 2021, the Wild Gardens of Acadia will close for the season. We hope you have taken advantage of our gift matching opportunities this year. If you missed them, there is one last chance to double your donation. For more details, read the press release on our website.

Don't forget to print out or email a complimentary gift card from our website.

As a Friends of Acadia member, your gift recipient will also receive:
